

GIVE LIFE

Benefit Fundraiser

Friday, June 23rd * 11:00 am—1:30 pm
30699 Russell Ranch Road * Carls Junior Truck

Kelly loved pets and had always wished for a Golden Retriever. At five years old, in November of 2005, Kelly passed suddenly from a brain aneurysm.

Kelly was taken to Dallas Children's Hospital where her organs were donated to six recipients; one, a young girl who was only given 10 hours to live. Kelly's life gave life to six others and brought hope to six families.

In Memory of Kelly

With four children trying to accept their loss, Kelly's parents adopted a golden retriever in her memory. Angel joined them as a puppy and has been helping the family recover.

Just recently, at her six months check up, Angel was found to have severe problems with her hips. If surgery is not performed, Angel will likely not live until the end of the year.

It is with great regret that the family is not in a financial position to support this surgery. It would be an immense loss to a recovering family; a family who found it in their heart to give life to others.

Please help us raise money for Angel's Wings which is pooling resources to cover Angel's surgery.

Checks can be made
payable to
Angels Wings

Direct Donations can be made
